

MERIDIAN ASIA PACIFIC PTE LTD

Component Audit Program — Fiscal Year Ended December 31, 2026

Significant Component — Singapore (SGD) — Audited directly by the Group Engagement Team (no separate component auditor)

1. Revenue Recognition

The Company is requested to provide full detail of revenue transactions by customer, product line, and month for FY26 [Item ID: REV-01], and supporting percentage-of-completion schedules for all long-term contracts in progress at year end [Item ID: REV-APAC-02].

Note to reviewer: Item ID REV-01 is reused from the group program template and is identical to the Parent-level Item ID (Meridian Global Holdings Inc., Revenue section). Confirm entity attribution before matching submitted files to tracker rows.

2. Information Technology General Controls

The Company's ERP environment is hosted by a third-party cloud provider. The Company is requested to provide a listing of all users with system access, including access level [Item ID: ITGC-APAC-01]. Separately, the SOC 2 Type II report covering the hosting period must be obtained directly from the hosting vendor [Item ID: ITGC-APAC-02 — Vendor-Delivered].

3. Cash

The Company is requested to provide a listing of all bank accounts and primary contact details to support external bank confirmations [Item ID: CASH-APAC-01].

4. Inventory

The Company is requested to provide the year-end inventory count listing and reconciliation to the general ledger for the Singapore warehouse [Item ID: INV-APAC-01].
